

ILS FACT SHEET

DID YOU KNOW?

- ✔ Business and spiritual leaders from around the world will gather for **T.D. Jakes' International Leadership Summit, in Dallas from March 21-23**, to share their expertise on how to build, grow and uplift entrepreneurs and businesses founded in faith.
- ✔ **The U.S. Department of Homeland Security** is officially participating this year. They will have representation from their Cybersecurity & Infrastructure Security Agency.
- ✔ This year over **10 countries** are represented and will host an audience of **nearly 6,000 people** in attendance.
- ✔ The top three countries attending this year's summit are Canada, United Kingdom and Jamaica.
- ✔ The powerful messages will have **accommodations for translation in Spanish, French and Portuguese.**
- ✔ ILS has a history of tapping into the cultural zeitgeist to address critical subjects facing leaders and aspiring leaders. This year, some of those issues include: **AI, technology, innovation and the need for community transformation.**
- ✔ ILS and MegaCARE are alarmed by the new reports of food inflation and addressed this head on by **feeding 12,000 people of North Texas through a massive grocery food give-a-way in Dallas on Wednesday.**
